Our clients can sell all of our product lines (Castoldi, Gustoso and Filiera Benessere Animale) under their own brand name.
A fragrant and exquisitely sweet prosciutto, it's hand salted using only sea salt.

This product is for those clients who proudly wish to associate their own brand or company name with the a prosciutto made in a factory that relies on 100% clean energy, without smoke, vapor, or gas emissions and with extremely limited water consumption.

Both highly nutritional and easily digestible, it's suitable for any diet.

We can process our prosciutto in various ways: from the traditional boneless to boneless blocks used for industrial slicing.
